

## **AI Policy** (v1 2-22-24)

**Larry Schrenk**  
([lschrenk@winona.edu](mailto:lschrenk@winona.edu))

### **AI Policy**

#### Not Allowed

- Creating any course submission (or parts thereof): papers, reports, presentations, etc. (or their outlines)
- Answering exam questions
- Answering homework questions
- Creating discussion posts
- Rewriting or changing the entire style of any submission

#### Allowed

- Using AI as a tutor
- Finding project/paper/discussion topics
- Getting explanations of concepts/theories
- Finding resources/references/examples
- Finding/downloading data
- Identifying individual spelling or grammatical errors
- Improving selected phrasing or style issues

Anything else, approval required.

### **AI Cautions**

- Avoid using either your primary or school e-mail address; get a new e-mail for use with generative AI.
- Do not submit personal or sensitive information.
- Your data can be shared with others; employees may access conversations.
- AI results often do not provide the citations required by academic integrity.
- AI can 'hallucinate', i.e., provide false or distorted information.
- AI can be biased especially in sensitive political or social issues.
- AI model training may violate copyright.
